

## **Q205. Are the Certificates of Representation still required to be submitted if EPA has the current Designated Representative (DR) registered in CAMD Business System (Part 75 CAIR)?**

**Q205. Are the Certificates of Representation still required to be submitted if EPA has the current Designated Representative (DR) registered in CAMD Business System (Part 75 CAIR)?**

**A205.** Yes. Part 98 requires the Part 75 DR to certify, sign and submit a Certificate of Representation for each facility or supplier. If a facility is subject to both part 98 and part 75 (Acid Rain Program or CAIR), the DR must be the same individual.
