

Q752. I recently re-submitted a GHG report. When will EPA update the publication materials to show my revised data?

Q752. I recently re-submitted a GHG report. When will EPA update the publication materials to show my revised data?

A752. All information published in FLIGHT, Envirofacts and associated downloadable files shows the most recent data submitted by each facility to EPA prior to August 19, 2019. EPA will periodically update the publication materials to reflect the most recent report submitted by each facility.
