

Subpart H Kiln Information for Kilns Monitored by CEMS for RY2014 and Later Years

This page provides step-by-step instructions on how to enter and edit Subpart H Cement Production kiln information for kilns that are monitored by CEMS.

Step 1: Add a kiln

To add a kiln that is monitored by CEMS, find the CEMENT KILN SUMMARY (Cement Kilns Monitored by CEMS) table on the Subpart Overview page and click the link titled "ADD a Cement Kiln Monitored by CEMS."

To edit identification information for a kiln, click the edit icon or the Name/ID link located in the first column of the table.

To delete a kiln, click the delete icon or the red "X" icon located in the last column of the table.

OVERVIEW OF SUBPART REPORTING REQUIREMENTS
Subpart H requires affected facilities to report carbon dioxide (CO₂) from each cement kiln. First, use this page to identify each cement kiln and then enter Greenhouse gas (GHG) data required by Subpart H for each cement kiln and for your facility. For additional information about Subpart H reporting, please use the e-GGRT Help link(s) provided.

e-GGRT RY2018.R23-j386 | H(overview)

Step 2: Indicate CEMS utilization for a kiln

For each kiln that is monitored by CEMS at your facility, confirm whether or not the kiln utilizes CEMS.

 Note that when adding a new kiln you are prompted to answer the CEMS question immediately (the answer to this question will default to "No" for kiln added using the "ADD a Cement Kiln" link and will default to "Yes" for units added using the "ADD a Cement Kiln Monitored by CEMS" link).

The CEMS response may be changed here and the kiln information will be relocated to the appropriate table on the Subpart Overview page.
