

# How to View, Download, or Resubmit a Previous Submission

This page serves as a help tool to view, download, or resubmit a previous submission. Each year a facility or supplier submits a report, a copy of the report for that facility or supplier is saved in the e-GGRT system. This feature allows you to view, download, or resubmit a report from previous years. To complete any one of these tasks, login to your e-GGRT account and follow the instructions listed below.

## Viewing and Downloading a Previously Submitted Report

From the home page, select the DATA REPORTING tab at the top of the screen.

>> [Click this link to expand](#)

The screenshot shows the EPA e-GGRT home page. The navigation bar at the top includes 'HOME', 'FACILITY REGISTRATION', 'FACILITY MANAGEMENT', 'DATA REPORTING' (highlighted with a red box and a red arrow), 'EPA REPORTS', and 'HELP DESK'. The user is logged in as 'Hello, Matt Foley | My Profile | Logout'. On the left, there is an 'e-GGRT Help' section with a link to 'About e-GGRT Home'. The main content area features a 'REGISTER A FACILITY' button and a table titled 'ACCESS YOUR FACILITIES:'.

On the right side, there is an 'ACCEPT AN INVITATION:' section with a 'GO' button and an 'e-GGRT Announcements' section.

This screenshot is identical to the one above, showing the EPA e-GGRT home page with the 'DATA REPORTING' tab highlighted. The table 'ACCESS YOUR FACILITIES:' is shown with the following data:

Next, on the right hand side of the screen, use the REPORTING YEAR drop-down menu to select the reporting year you want to view and click the GO button.

<sup>1</sup> If EPA's expectation is incorrect for any facility, use the blue OPEN button to access its Facility or Supplier Overview screen; then see the AN ANNUAL REPORT IS or IS NOT EXPECTED section for more information about changing the Facility or Supplier's reporting status.

This will open the facility overview screen for the facility and year you have selected. In order to view a report, find the ANNUAL REPORT SUBMISSION HISTORY table. Within this table you will see each version of the annual report which has been submitted for that year. For example, some facilities or suppliers may have more than one version of the reporting form for a year depending on how many times they generated and submitted it.

Make sure to choose the most up-to-date version of the report (i.e., the one with the highest version number). The following selections are available:

- **HTML** - provides a view of the report in an HTML framework.
- **XML** - provides a view of the report in an XML framework.
- **Receipt** - provides a copy of the submission receipt you received upon originally submitting your report.
- **Download ZIP** - provides a zipped copy of your submission including your HTML report, XML submission, and any reporting forms attached to the submission.
- **Comprehensive Verification Summary** - provides a summary report of any validation messages that may have resulted during data entry or report generation.

Below this, it asks "What should Firefox do with this file?" with three options: "Open with WinZip (default)" (selected), "Save File", and "Do this automatically for files like this from now on." (unchecked). There are "OK" and "Cancel" buttons at the bottom of the dialog. The background page shows a "Status" section with "Final Review last" and a "GO" button. Below that is a table for "2015 ANNUAL REPORT" with columns "Version" and "Cert". The table has three rows: (3, 02/0), (2, 02/0), and (1, 02/0). There are also links for "VIEW REPORT" and "trend reports) for all submissions this". At the bottom left is a "←BACK" button.

## 2) FINAL REVIEW and REPORT SUBMISSIONS

If all subparts are completed and Data Entry Validation Messages addressed to your satisfaction, you are ready to perform a final verification review and submit an Annual Report.

This screenshot is similar to the one above, showing the same web application interface and modal dialog box. The dialog box title is "Opening M. Foley Corporation-528877-15407.zip". It contains the following text: "You have chosen to open:", "M. Foley Corporation-528877-15407.zip", "which is: WinZip File", "from: https://uat.ccdsupport.com". Below this, it asks "What should Firefox do with this file?" with three options: "Open with WinZip (default)" (selected), "Save File", and "Do this automatically for files like this from now on." (unchecked). There are "OK" and "Cancel" buttons at the bottom of the dialog. The background page shows a "Status" section with "Final Review last" and a "GO" button. Below that is a table for "2015 ANNUAL REPORT" with columns "Version" and "Cert". The table has three rows: (3, 02/0), (2, 02/0), and (1, 02/0). There are also links for "VIEW REPORT" and "trend reports) for all submissions this". At the bottom left is a "←BACK" button.

If you want to make changes to portions of the XML file or to one or more reporting forms, it is best to click Save, and from the drop-down menu, Save as type, select All Files, and click Save. Wait for the download to finish and go to the folder where you saved the zip file and open it. From your zip application you will have an option to save one or more of the file's contents to a local folder.

## Downloading a New Reporting Form

If you need to start with a new reporting form, again select the year of the report you wish to edit, click the DATA REPORTING tab and go to Report Data. Next, under Subpart Reporting, click the blue OPEN button for the correct subpart. Then, under Download Form, click the blue reporting form link. In the new window, scroll down to the table and select and download the reporting form for the desired subpart. (For subpart W, if you are reporting a large amount of data that will not fit in the standard Subpart W Reporting Form, select the Subpart W Supersize Reporting Form, which includes additional data space.)

Save the new reporting form, and fill it out with the updated information.

## Revising a Webform

From the Facility Overview page, select the subpart you wish to revise. Navigate to the data elements you wish to revise as you would if you were completing an original report and make the necessary revisions. Save the changes on each page you revise before returning to the Facility Overview page.

## Uploading a Revised Reporting Form

To resubmit a reporting form, make sure you have updated your reporting form file to reflect the changes you want to include in the revised submission.

The screenshot shows the EPA e-GGRT (Electronic Greenhouse Gas Reporting Tool) interface. The header includes the EPA logo and navigation tabs: HOME, FACILITY REGISTRATION, FACILITY MANAGEMENT, DATA REPORTING, and EPA REPORTS. The user is logged in as 'Wally, Subpart W'.

The main content area is titled 'Region 10 (GHGRP ID: 824718) Subpart W: Petroleum and Natural Gas Systems (2013) Subpart Overview'. It contains a 'CHECKOVER OF SUBPART W REPORTING REQUIREMENTS' section with instructions on how to use the tool, including downloading forms and using the 'View Validator' link. To the right, there are three summary boxes showing 'Actual Mass of CO2 (metric tons)', 'Actual Mass of CH4 (metric tons)', and 'Actual Mass of H2S (metric tons)', each with a numerical value and a 'View Validator' link.

Below this is a section for 'SUBPART W SUMMARY INFORMATION FOR THE FACILITY'. Under '1.1 DOWNLOAD FORM', there is a link for 'Subpart W 2013 Reporting'. A red box highlights a table with the following data:

Subpart Overview

OVERVIEW OF SUBPART REPORTING REQUIREMENTS

Subpart W requires affected facilities to report CO<sub>2</sub>, CH<sub>4</sub>, and N<sub>2</sub>O emissions from onshore and offshore petroleum and natural gas production. If you are subject to other subparts (e.g. Subpart C) you should return to the Facility Overview page, select the appropriate subpart(s), and complete the data reporting requirements of each subpart. To satisfy the Subpart W reporting requirements you will first download the Subpart W reporting form(s). Use the link provided to access the form(s) and find instructions for completing those forms. Next, you will upload the completed form(s) and e-GGRT will validate the data contained within them. Use the "View Validation" link to review any issues found in your reporting forms. If necessary, make any revisions necessary to your reporting forms and upload the revised reporting forms.

For additional information about Subpart W reporting, please use the e-GGRT Help link(s) provided.

REPORT GENERATION AND FINAL REVIEW RESULTS

e-GGRT has successfully generated a version of your annual report and performed a final verification review. The final review identified the following potential errors:

Subpart ID	Message
C	C558 The annual biogenic CO2 emissions of 40,000,000 metric tons reported at the configuration level for the unit Fat Rob1 is greater than the sum of all CO2 emissions reported at the fuel level of 16,331.9 metric tons for all fuels at the unit. Please double check this value and all other affected pollutant values (e.g. CO2, CH4, N2O, CH4 as CO2e, and N2O as CO2e, as applicable). If this is indeed a substantive error, please correct the value and submit your report. If you believe it to be correct, please submit the value as is.

If you return to the data reporting screens to make changes, those changes will not be reflected in your Annual Report or Verification Summary until you return to this page and your report is generated and another final review is performed.

Click the Continue with Report Submission button to proceed to the remaining steps of report review and certification. Or, click the CANCEL button to return to the Facility Overview screen.
