

Reviewing and Commenting on IVT Verification Results

e-GGRT
Inputs Verifier Tool

From the Annual Report Review page you have several options for reviewing your annual and verification reports as outlined in [Submitting Your Annual Report With IVT Results Included](#). Prior to submitting your report, e-GGRT allows you to offer comments or explanations regarding any verification messages generated by the Inputs Verifier Tool. You are not required to provide comments regarding each issue however these comments may help EPA better understand the circumstances that led to the issue and may reduced the number of questions the EPA verifier must ask later.
